

## **Shipping Policy**

Please note that orders to US destinations may take 5-20 business days from the date that it is shipped out, not necessarily from the date that it is placed, depending on the shipping method selected and final destination of the order.

After your payment is authorized and verified, standard orders can still take 7-10 business days to process. This is just an estimate and doesn't include weekends or holidays.

When your order has been shipped, you will receive an email with tracking information.

We will select a professional logistics company based on the delivery address you left to ensure on-time delivery. Alternative carriers may be selected at our sole discretion to meet shipping requirements. Your final shipping cost is displayed at point of checkout. Buyers are responsible for all custom clearings.
